

Basic Health Care Certificate

The Basic Health Care Certificate provides the knowledge and skills pertinent to work in the medical field and prepares students for entry level positions in the health care industry. It also provides students with a variety of course options to explore further education, training, and employment in the allied health care fields and beyond.

Program prerequisites include:

- **MTH20 Pre-Algebra**
- **RD30 College Reading**
- **WR30 Fundamentals of Composition II**

The above program prerequisites follow designated placement test scores as shown on the current indicator chart.

The Basic Health Care Certificate consists of a required set of core classes designed to provide the student with content knowledge and skills that are foundational to success in all health care fields coupled with a variety of specialty tracks that guide students toward additional certifications or programs.

Specialty track associations include:

- ✓ Community Health Worker
- ✓ Dental Assisting
- ✓ EMT/Paramedic
- ✓ Exercise Specialist
- ✓ Health Care Informatics
- ✓ Human Services
- ✓ Massage Therapy
- ✓ Medical Administrative Assistant
- ✓ Medical Assistant
- ✓ Nursing
- ✓ Pharmacy Technician
- ✓ Sterile Processing Technician
